EXPERIENCE

Data Management Consultant

December 2020 - Present

Canyon Grove Academy

American Fork, UT

- Planned and led the restructuring of stored data to create new opportunities for data analysis and reporting
- Documented, streamlined, and produced training material for data management processes across the organization
- Performed a comprehensive analysis of curricula and test scores and delivered data visuals and recommendations

Teacher's Assistant – Advanced Database, Web Programming, Organizational Behavior

August 2019 - Present

Brigham Young University – Marriott School of Business

Provo, UT

- Evaluated curriculum choices and grading standards, provided feedback, and implemented changes
- Reinforced class content and mentored students through frequent meetings with teams and individuals
- Prepared and delivered exam review sessions and taught several class sessions covering new material

Business Intelligence Intern

May - August 2020

The Church of Jesus Christ of Latter-day Saints

Riverton, UT

- Researched, tested, and then trained employees on new data analytics and data engineering software features
- Built custom database version control and testing processes using a variety of cloud platforms and technologies
- Wrote extensive documentation for the new database management tools, then gave trainings and guidance as employees implemented the tools and processes on production servers

Software Asset Management Intern

May - July 2019

United Launch Alliance

Centennial, CO

- Developed a process for identifying and documenting software needs with minimal impact on employee time and trained a team of contractors to continue carrying out the process independently
- Analyzed documentation and collected data from employees and software vendors to produce detailed reports in preparation for significant changes to IT infrastructure
- Interviewed employees to identify software requirements patterns, then created structured guidelines to drive more efficient and organized distribution of mission-critical software and licenses
